

Guardian

High security turnstiles

The high security system for access control in high traffic flow situations

- Guardian is the perfect solution if you need to secure large entrances, even if not manned, with high pedestrian flows.
- Also designed for outdoor use, Guardian can be used in airports, ports, large companies, underground systems, railway stations and stadiums.
- Guardian is the high performance full height turnstile, perfect for environments where security is an essential requirement.
- Its sturdy structure and pleasing design on one hand make it a powerful deterrent for crime and on the other offer total user protection.
- Durability and reliability are guaranteed, even outdoors, thanks to the galvanised steel body and the special epoxy paint, which makes it resistant even in areas subject to corrosive agents.
