

Gal-Plus Bollards Heavy Duty Steel with Skinz

For around the same price as standard powder coated bollards, you can now have our heavy duty hot dip galvanised Gal-Plus bollards.

Gal-Plus bollards are fitted with Skinz polyethylene sleeves, ensuring you will never have to bother with painting over rust again.

Gal-Plus bollards fitted with Skinz are ideal for congested car parks as they can reduce the impact damage caused to vehicles when they come into contact with bollards. Likewise in shopping centres, maintenance to damaged bollards caused by shopping trolleys can be virtually eliminated.

Learn more about our Skinz polyethylene sleeves on pages 6-7.

STYLE	PART No.	A*	B	C	D	E	F	Kgs	FINISH
1	C90SM-SKZY	90	1000	–	5	225	6	11.3	HDG+PS
