W-Beam Guard Fence (Type D)

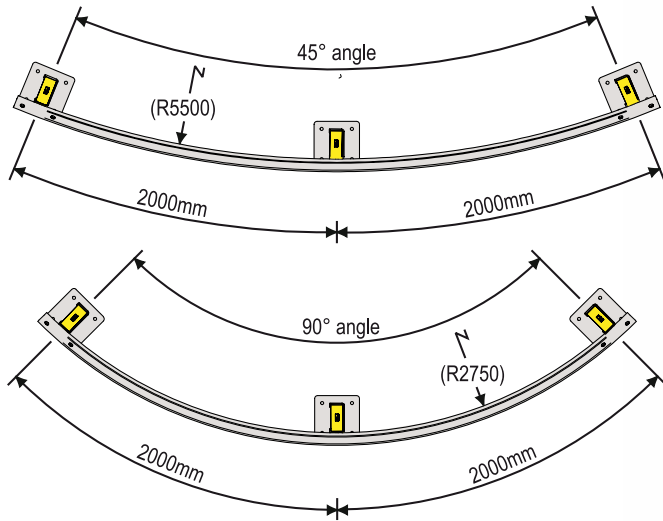

W-Beam Guard Fence is a heavy duty modular barrier system designed for asset protection, and the protection of pedestrians from slow moving vehicles in and around industrial and commercial complexes and car parks.

With a choice of rail lengths, post options and accessories W-Beam Guard Fence can be easily configured for most applications. Rails are available in two standard finishes – Hot Dip Galvanised only (HDG) or Galvanised with a Yellow Powder Coat (G+PC).
