

Rubber Speed Hump Medium Duty

This speed hump is an economical alternative to more expensive models. It is ideally suited to low traffic environments such as unit and town house developments or for short term installations. They are manufactured from a mixture of natural and recycled rubber. When laid in an alternating pattern, they conform to AS/NZS 2890.1:2004. Can also be used as a liquid bunding if installed with a sealant. e.g. Silastic.

Natural and recycled rubber is economical and quiet, ideal for low volume traffic areas.

PART No.	DESCRIPTION
SME50Y	Economy rubber speed hump 250mm body (4.3kgs) – Yellow
