

## Bull-Dog Racking Leg Protectors

Pallet racking legs are often supporting many tonnes of product. Protecting these legs is of vital importance to avoid potential disasters caused as a result of impact by forklifts or trolleys. Bull-Dog racking leg protectors are manufactured from heavy steel plate and bolt to the warehouse floor independent of the racking, therefore isolating any impact from the structural parts of the racking system.

PART No.	DESCRIPTION	Length x Width x Height
<b>BDB</b>	Standard Bull-Dog bracket – 210 x 150 x 400 x 5mm (5kgs) – HDG+PC
