

KELRYAN

Cam-Lok Removable Security Bollard

Security bollards are perfect for restricting vehicle access whilst allowing pedestrians to pass through. Our security bollards acts as an anti ram raid barrier to protect your property against hostile attacks. Ideal for areas with a mixture of foot traffic and vehicle access, our sturdy and functional security bollards will surely bring extra assurance, security and safety for your garage, warehouse, loading docks, carparks, driveways and other valuable assets.

This bollard has a sleek 316 Stainless handle which folds down when not required. The bollard handle is secured with security rated screws and the handle is a unique and suitable for city urban, commercial and industrial environments.
