

Fold Down Bollard

Access Control

Our new FD200 fold-down bollard is designed for preventing the unauthorised use of private car parking spaces, or for use anywhere vehicle access needs to be restricted.

This all-new design measures only 50mm high in the flat position and 800mm high when locked up. The new aluminium 200mm wide face incorporate a 150mm wide full height reflective sign face for increased night visibility. The FD200 is supplied with a 40mm padlock with 2 keys and fixings for surface mount installation. If setting into a new concrete pad an optional in-ground kit (BGK4) is available separately.

Product Features:

- Only 50mm high in flat position
- 200mm wide aluminium bollard
- Powder coated finish with reflective sign face
- Includes padlock and standard fixings
- Suitable for parking space protection
